6. Highways

The Welsh Government are looking to change all restricted roads – a restricted road is a road that is 30mph by a system of street lighting – to 20mph, PCC will only be seeking to unrestrict sections that are restricted, but PCC want to keep at 30mph. PCC are not carrying out any amendments to speed limits until they have completed this project and have received revised guidance on setting local speed limit. It is likely that Painscastle will just be a straight swap from 30mph to 20mph as the terminal signs are currently in the most appropriate locations

They will not adding any roundels to any speed limits until the project is completed, but may add 20 roundels where appropriate as part of the changes.

The Cattle grids by the Wern & onto Painscastle Hill, need cleaning – Powys County Council to be informed of this.

7. County Councillor Report

County Councillor Gareth Jones gave his report – *report attached*

The meeting closed at 8.35pm
